Note 1: "Although counties have been required to report the party affiliation of California's registered voters since 1915, the first statewide record did not appear until 1922, and no records are available prior to that date." See Eugene C. Lee, California Votes 1928 - 1960, Institute of Governmental Studies, University of California, 1963, quoted at page 26.

Note 2: 'P' indicates a presidential election year.

Note 3: Since the statewide primary election party nomination process began in 1910, fifteen parties have qualified to conduct primary elections, including:

*Democratic 1910 - present	Progressive 1934 - 1938
*Republican 1910 - present	Townsend 1938 - 1942
*Independence League 1910	Independent Progressive 1948 - 1954
*Prohibition 1910 - 1962	American Independent 1968 - present
*Socialist 1910 - 1938	Peace and Freedom 1968 - present
Progressive ("Bull Moose") 1914 - 1918	Libertarian 1980 - present
Liberty 1932-1934	Green 1992 - present
Commonwealth 1934 - 1938	Natural Law 1996 - present
Communist 1934 - March 1944	Reform 1996 - present

Prior to 1910, many parties either conducted conventions or held primary elections to select their candidates for the statewide general election. The five parties whose names are preceded by an asterisk (\*) were active before 1910.

Note 4: In 1911 women were given the franchise.

Note 5: Prior to 1944, the presidential primary was held in May, and a second primary was held in September or August to nominate partisan candidates for congress, the state senate, and the assembly. In 1944, these primary elections were consolidated into a single primary election date.

Note 6: 1972 was the first year that 18- to 21-year-olds were eligible to register and vote in a general election. The registration period was also extended that year by reducing the 54-day pre-election cut-off period to 30 days.

Note 7: In 1975, the cut-off period for registering to vote was reduced by the Legislature to 29 days prior to the election.
